# How do we use this?

This map guides you on a storytelling journey through the landscape and nature reserve here at Worsbrough Mill. Use this map to guide you around the Country Park.

Begin your story at number 1 and follow the numbers around the park to map out your story. Each section has a few guidelines you may use to help you. It always helps to describe what you see and then the ideas for the story will come to you in exciting and unexpected ways. If you get stuck and don't know what's next, pass it on to a friend or family member to carry on the story.

As you go round, use the viewfinder enclosed and see if you can line up the landscape with the images here on the map.

### Once Upon a Time...

Add some characters to start your story, Do they live here in this territory? Try by describing who they are, Have they travelled from very far? Are they quick or are they slow? Do they know which way to go?

## 8 Walking along...
