

A day in the life of a Georgian child

Georgian pastimes: Doll's house

6+

Georgian Houses like Cannon Hall have many rooms and look symmetrical both inside and out. If you were a wealthy person, your house would be decorated with lots of pictures and furniture. Be inspired by the templates attached with this activity and have a go at making your own Georgian home.

You will need:

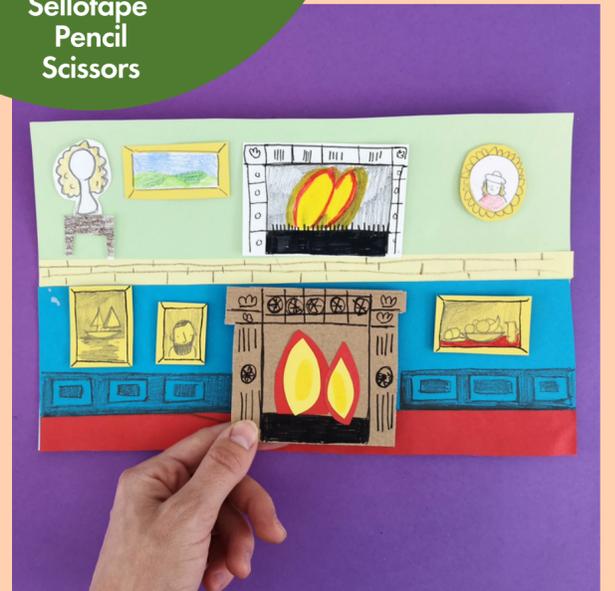

- A shoe box or other small box
- Card offcuts, eg pizza box
- White paper
- Thicker white paper or card to make 3D tables
- Collage bits like coloured paper, any bits of fabric or wallpaper scraps
- Colouring in materials
- Glue stick
- Sellotape
- Pencil
- Scissors

On a piece of white paper, draw the front of your Georgian house or print and colour the template. Colour in and put to one side.

Cut to size a second piece of paper so that it fits inside your box. Draw a line across the middle for the upstairs and downstairs. Don't stick this in yet.

Decorate your walls. You can colour or stick on coloured paper, add pictures & a fireplace. Feel free to use the templates.

Stick this into the box and cut out a strip of card to be the floor. Stick using Sellotape or if your box is thin enough, make a slit and slot inside.

Now it's time to add the 3D details. Use the template as inspiration or print. Use card offcuts cut into rectangles to make them stand up.

Attach the front of the house drawing onto the front of the box by taping on to one side so it opens like a door (you could even add in extra windows on your house or create a story to go with your characters)
