all
ages

Be the height of fashion and
make your own fabulous
Georgian wig!

You will need:
4 pieces of A3 paper
A stapler
Scissors
Fancy bits (optional)

Gather your materials

Cut the A3 paper into four strips
lengthwise

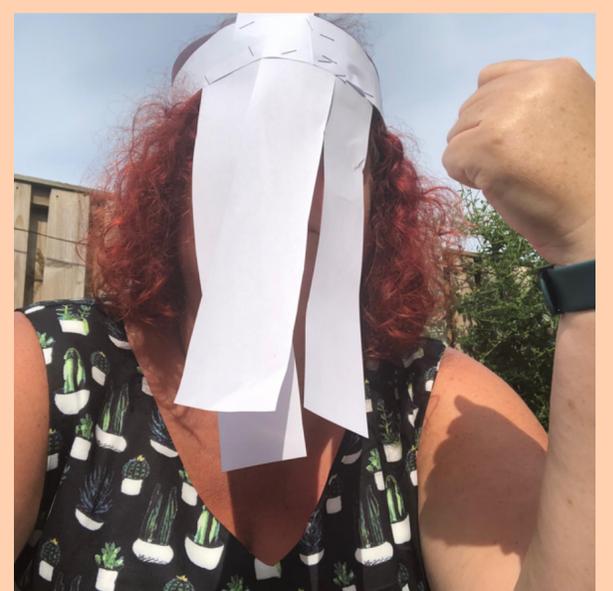

Take one strip and measure
around your head.

Hold it in place and staple

Add another strip across the top of
your wig

Staple the strips so they hang
down. (We've just put the wig on
to show you but its best to staple it
away from your head!)

Curl the long pieces of paper over and staple alternately to the head band and then to the top of the cross bar on the wig to make your structure

Carry on all the way around.

You can now add fancy curls to each side and to the top of your wig

If you have any flowers, feathers or other ornaments think about adding them as decoration. The fancier the better

Ta da!
