

A walk on the wild side

Nature Day at home

all
ages

Tracking game

You will need:
At least 4 people including 2 adults.
Outside space
Mobile phones/
whistles
Sticks/ stones/
pine cones etc..

Split into 2 teams and take it in turns to lay a trail to see if the other team can find you. Make sure that you have at least 1 adult in each team and each team has either a mobile phone or whistle in case you get lost from your group. This game is best played in woods- take care if there are any roads on your route.

Go on a walk through the wood and leave twigs arranged at each path junction to indicate which way the other team should go to follow you. Here are some symbols you can use or you can make up your own:

Twigs as arrow: Straight ahead

Stone on left of twig: Turn left

Stone on right of twig: Turn right

Crossed twigs: No entry
