Stick Family

Inspired by Julia Donaldson's "Stickman" why not make a whole stick family?

You will need:

- Twigs
- Fabric pieces
- Wool
- Googly eyes (if you have them)
- Scissors
- PVA glue

Collect your twigs.

Put PVA glue on the back of your fabric piece and stick on your twig's body- then wrap it round and stick as a skirt.

Use wool or string to tie on your twig arms

Use either googly eyes or a blob of white paint for eyes. A small piece of wool makes a good mouth.

Put PVA glue on the top of your twig and arrange some wool hair in a style you like.

Remember your stick person needs a friend...so why not make another!
