

# A walk on the wild side

## Nature Day at home

age  
1-5

### Pegdoll fairies

- You will need:
- Dolly peg
  - Glue stick
  - Scissors
  - 2 x tissue paper circles
  - Wool/ ribbon
  - Coloured paper/ card
  - Pipe cleaner

Make your own magic on Nature Day with these little peg doll fairies

Fold a tissue paper circle into quarters and cut off the point.

Glue your peg and push the peg through the hole you cut in the tissue paper circle and smooth around the top of the peg to make the top part of your fairy's outfit.

Fold the other tissue paper into quarters, cut the point off and push the peg through to make the skirt.

Tie ribbon or wool around the waist to hold it in place

Now fold a piece of coloured card or paper in half, and mark on the wings along the fold and cut out.

Stick the wings on with your glue stick and add some pipe cleaner arms.
