The Ultimate Obstacle Course

Making obstacle courses is fun and a great way to improve your skills.

Why not make an obstacle course for your family and challenge them to see who can complete it the fastest?

You will need:

Paper
Pencil
A ball or ball of socks
A clear outdoor or
indoor space

all
ages

Draw your plan or map so you can follow it to put the obstacle course together. Think about what obstacles and space you have available. If it is a football obstacle course, try to include dribbling, shooting and activity without the ball.

Get everything ready:
Find a clear outdoor or indoor space, a ball (or ball of socks) and some safe obstacles.

Set up your obstacle course:
Make sure you have enough room between the obstacles to move and do your tricks.

Try out your obstacle course:
Remember to keep the ball close, use both feet and try to include different skills like rolling the ball and dragging it back.
Who can complete the course the fastest?

How can you make your obstacle course harder or easier?
Can you answer trivia questions about Barnsley Football Club while you complete the course?
Maybe your obstacle course doesn't include a football?
Or you could try making an obstacle course for your pets? A dog-stacle course?

Now you are ready to make yours at home.
Why not share pictures of your obstacle course? We'd love to see them
