Origami kawaii ice cream

You will need:

A piece of origami paper or any square of paper
Scissors
Felt tips or Crayons

Back when Elsecar by the Sea was at its height of popularity, hawkers would have wandered around selling ice cream on busy days.

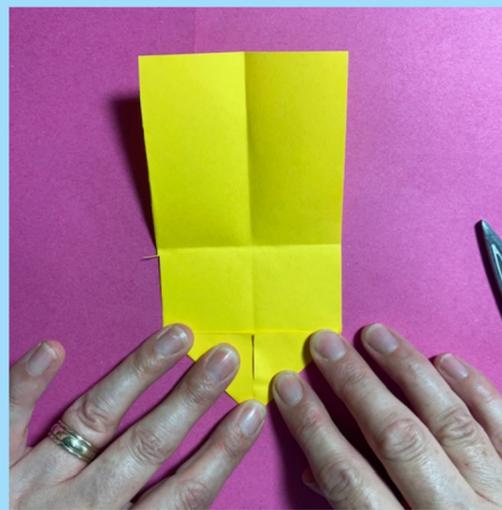

Have a go at making these cute, origami ice creams.

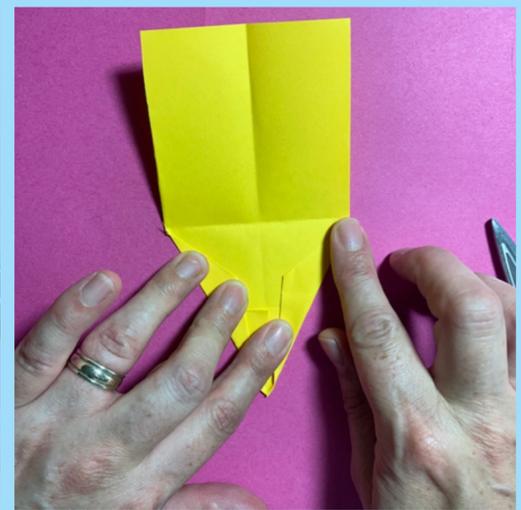

Fold your square of paper in half and cut down the centre fold

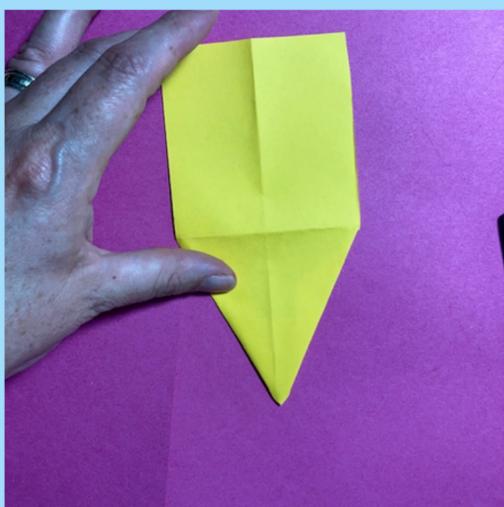

Take one rectangle and fold lengthwise down the middle.

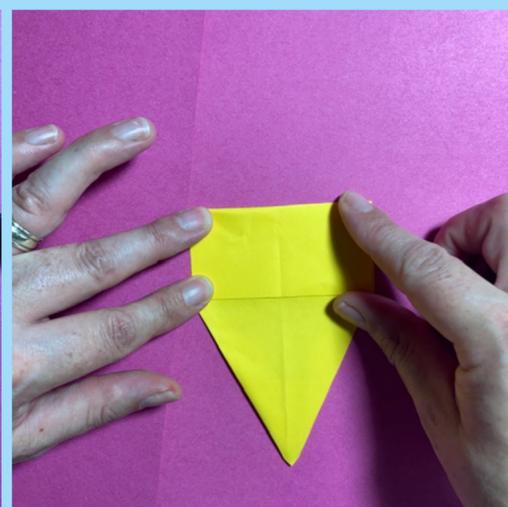

Open out and fold the other way. Open out again. Now fold the bottom corners to the middle, centre fold.

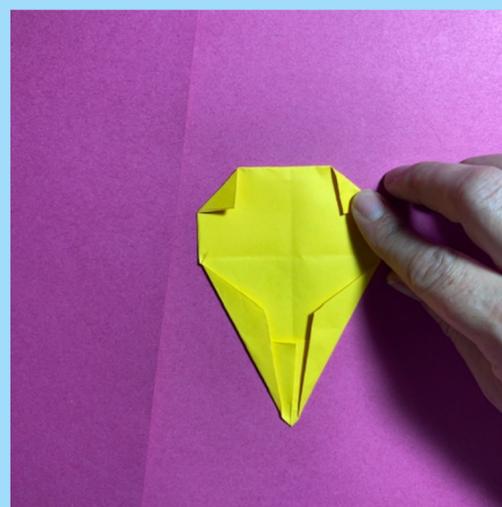

Fold again diagonally from the middle point up to the fold halfway down. This makes your cone shape

Turn over

Fold the top bit down to the middle

Turn over and fold the top two corners in to make your ice cream shape

Use felt tips or colours to decorate your ice cream.
