Pre-History Small World Play

Some ideas for small world play for little ones. As with all small world play, children should always be supervised as small items can be a choking hazard.

You will need:

- Paper
- Paint
- Dinosaurs or figures
- Soil/sand
- Twigs/ leaves/ tree bark
- Fossils
- Magnifying glsss

Did you know?

Modern humans are thought to have appeared 300,000 years ago. That was 65 million years after non-avian dinosaurs disappeared!
So whilst it's fun to imagine what it might be like for humans to meet dinosaurs this never happened.

Home sweet home- use tree bark and sticks to make home for your cave people

Did you know?
That plants like ferns have been around since prehistoric times? Why not use a little piece of living history in your small world play?

Look closely at fossils using magnifying glasses

Walk with the dinosaurs by putting splodges of paint to print with your dino figures
