

# Do you 'dig' Archaeology? Day

ages  
1-5

## Stone Age Puppet Dog

Dogs probably evolved from wolves about 20,000 to 40,000 years ago. Keeping dogs as pets began when wolves moved to the outskirts of hunter-gatherer camps to scavenge for leftovers. The friendliest wolves would have got the most food and so the symbiotic relationship between humans and dogs began

Summer  
Staycation  
Club!

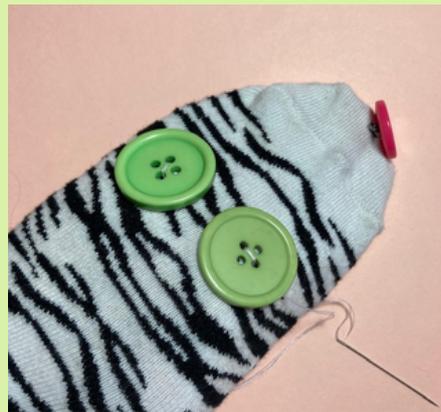

You will need:

- A sock
- 3 buttons or circles of card for eyes
- Glue or a needle and thread
- Some fabric or thin card for ears.

Sew or stick your nose on the the front middle of the sock's toe.

Sew or stick on your eyes

Add your ears

Your sock puppet is ready to play

Why not make a whole pack of pooches?
