

# The Cannon Hall Museum, Parks and Gardens Story during **COVID 19**

**Cannon Hall** is a small country house situated in 70 acres of beautiful parkland just outside Barnsley.

This means it is a place where I can enjoy the outdoors, learn about its history and look at beautiful artwork and furniture in one place and feel safe and relaxed in doing so.

At the moment there is something called COVID 19.

It is sometimes called Coronavirus.

This means it is a germ which can make people ill.

There are things which the people at **Cannon Hall** are doing to help stop people getting the virus.

This means it might look, sound, feel, taste and smell a bit different while the virus is around.

When I visit **Cannon Hall**

Outside I might see:

The Deer Shelter

Lots of different wildlife

Seasonal flower beds and plants

A rhinoceros in the walled gardens

When I visit **Cannon Hall**

Inside I might see:

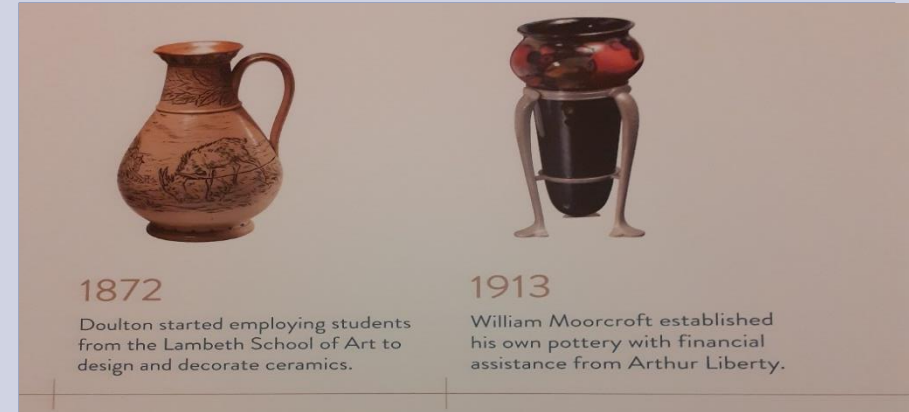

**CANNON HALL**  
MUSEUM PARK & GARDENS

Paintings, pottery and furniture

Information boards

A grand piano in the ballroom

Knowledgeable staff and volunteers

# When I visit **Cannon Hall**

At the moment I might also see:

Signs on the wall or floor showing me which way to go

Barriers to help keep a safe space between people

People wearing masks or visors

'Hand sanitiser' that I can use to help get rid of any germs on my hands

# When I visit **Cannon Hall**

I might hear:

The sound of wildlife

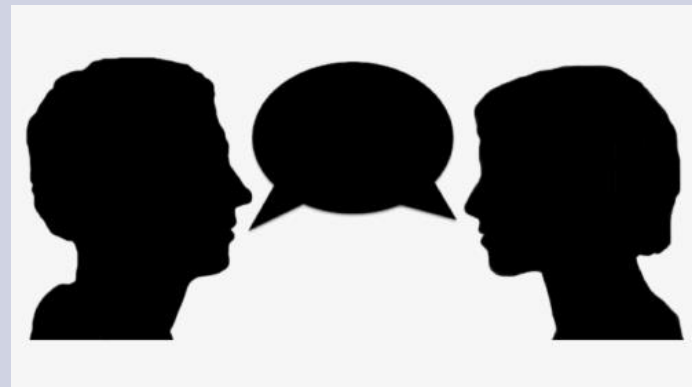

Music in the ballroom

Sir Walter speaking

People talking

When I visit **Cannon Hall**

At the moment I might also hear:

People asking me to wait before  
I go in somewhere, or telling me which  
way to go

Their voices might sound different  
because they are wearing a mask

When I visit **Cannon Hall**

I might touch or feel:

Hand gel that will help to get rid of any germs on my hands

A mask on my face

The soft, velvety sofa

Grass

When I visit Cannon Hall

at the moment:

there might be some things I cannot do and  
some things I cannot touch because of Coronavirus

The friendly staff and the person with me  
will help me to understand what these things are.  
If I can't wear a mask, whoever is with me will understand  
and will tell other people if they ask

# When I visit **Cannon Hall**

I might taste:

Treats from the ice cream van

Cake!

Tea/coffee from the Pavilion café

When I visit **Cannon Hall**

I might smell:

Flowers in the garden

Smoke from the chimneys

**CANNON HALL**  
MUSEUM PARK & GARDENS

Furniture and floor polish

When I visit **Cannon Hall**

At the moment I might also smell:

The mask that I might be wearing  
over my nose and mouth

My breath inside the mask

Hand gel that I have used to clean my  
hands

Most of all **Cannon Hall** Museum, Park and Gardens is a place where I can have fun, explore and learn with my family and friends in a relaxing, safe and welcoming environment.

**COVID19** is something which will be gone one day and then **Cannon Hall** will look, feel, sound, taste and smell more like it did before.
