

Make your WOW! Dippy Dog

Here is how to make your own Dippy Dog. Why not make some more animal friends - just like the ones in the story *There was an old lady who swallowed a fly!*?

On your cardboard, draw the shapes for the head, tail and legs. Then cut out carefully.

Paint all the pieces on both sides and leave to dry.

You will need:

Cardboard (an empty cereal box is perfect) Scissors Paint or felt tip pens
2 Pipe cleaners
Masking tape
Glue stick

Draw eyes and a nose on cardboard, cut out and glue in place. Glue the head and tail onto the legs.

Take two pipe cleaners and join them together by twisting. Wrap the pipe cleaner around a glue stick to create a coil.

Attach one end of the pipe cleaner to the back of the head and stick with masking tape. The other end needs to stick to the front of the tail and again stick down with masking tape. Touch up the masking tape with paint.
