

Make your WOW! Easter Tree

Can you make Peep's Easter Tree?

Remember to share your pics on The Cooper
Gallery digital channels. We'd love to see them.

Cut out your egg and bird
shapes. You can use printouts of
the template but even card from
cereal packets will work

Make a hole in each card shape
and thread a hanger through.
any bit of string or wool or stick a
paperclip on the back of your
bird to stand it on a twig.

Use whatever decorative bits and
bobs you have at home to
decorate your shapes

Add your beautiful birds wings
last- these can be feathers or
card or paper or even a leaf

You will need:

Card

Something to use as hangers
(string/ thread or even paper
clips)

Bits and bobs for decoration
A twig (or a plant in your
house)

A container to display it

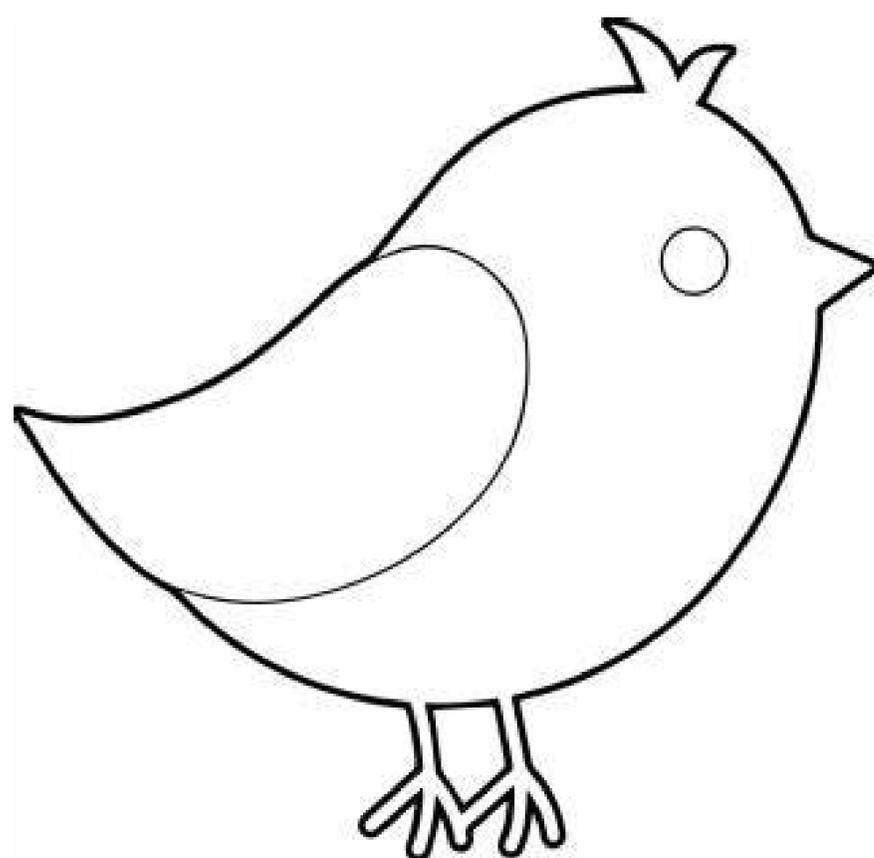

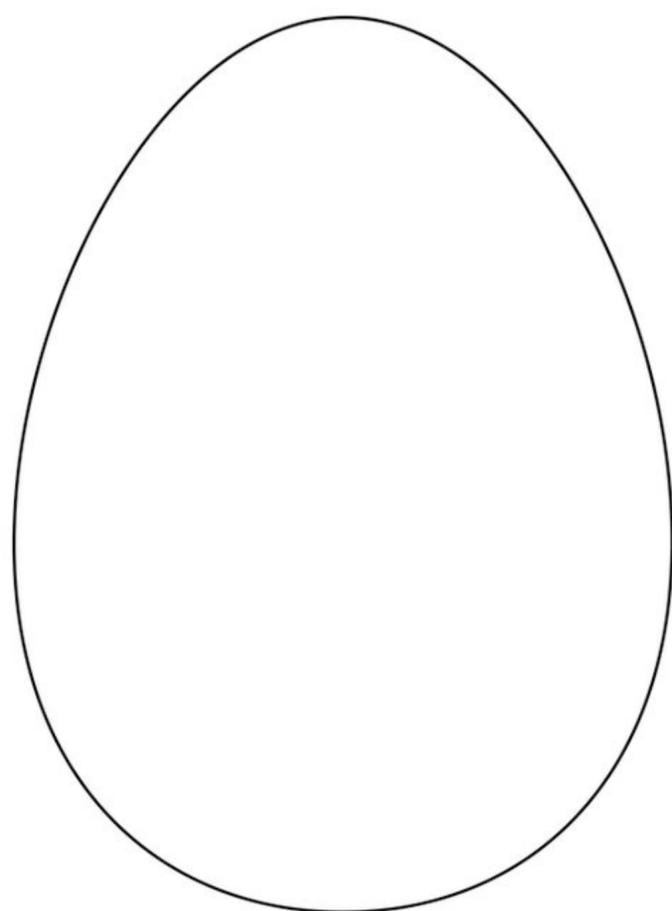

Hang your beautiful eggs and birds on your twig
and place in a container for everyone to admire
